

Message from the President

News Bulletin – 13 February 2021

---

Victoria is in lockdown again; let's hope this time, it is not for too long. I won't go into details of premises not being available and for how long, as the overarching rules will dictate our ability to attend classes. We are not in control of any of this.

What is in our control is how we can approach this. Considering the uncertainty of how long this lockdown will be, tutors and members alike may want to consider whether or not your classes should go online to Zoom meetings, when and how.

U3A Wheelers Hill has subscribed to a Zoom License if tutors would like access to it. Given we need to schedule the use of the Zoom account and to avoid clashes, tutors, if interested, please send a quick email to the office and we will get in touch with you quickly to schedule and provide any assistance with using the Zoom account.

More importantly, everyone please, let's be stay positive, be safe and well. Like they say, this too will pass. I am looking forward to seeing you again soon.

Ann Findlay, President
