Message from the President– 29 September 2022

---

## **All classes suspended with immediate effect**

In my last message to members on 24<sup>th</sup> August, I advised that the committee members are not prepared to continue to lead and administer the organisation whilst the position of Secretary remained vacant. The committee met again today to discuss options how U3A Wheelers Hill would continue to operate. Unfortunately, the proposed position of all committee members standing down requires us to take the necessary actions to reach out to members to discuss options, which may include winding down the organisation.

The committee is in the process of preparing the agenda and setting a date for a special meeting in the immediate future to put forth and discuss the options with the full membership in the next few weeks. We expect to be in the position to reach out to members again early next week.

In the interim, the committee resolved today to suspend all classes effective immediately until further notice; classes will resume if and when a full committee can be instated.

Ann Findlay  
President
